100% GUARANTEED TO GROW & BLOOM

It’s Easy!

 poblada

Prepare the soil ...
Dig the planting bed to a depth of 12-18”, using a garden fork and spade. For larger areas, you may want to use a rototiller.

Plant your bulbs ...
Be sure to note the depth at which your bulbs should be planted - this is very important. Bulbs planted too deep or too shallow may not bloom. For best results, add a measure of bone meal to the hole at planting time.

Water well ... then enjoy!
There’s nothing else to do! Your bulbs will bloom this spring or summer – we guarantee it!

Because our fund raising programs are used by schools and have young children participating, we feel it imperative that we urge child safety as a primary concern. We advise that children never be allowed to sell door-to-door, unless accompanied at all times by a parent. We recommend instead that children sell only to family, friends, relatives, and at supervised social events.

Children can benefit greatly from participating in our programs. They learn responsibility, and to set and achieve goals. They also experience the satisfaction that comes from accomplishing tasks that benefit the group as a whole.

We take pride in creating programs that serve as effective vehicles for fund raising, but more importantly this creates opportunities for children to learn and grow. Such rewards are only possible if we all keep in mind that our children’s safety comes first.
